Ballajura's Newest Roundabout – Hepburn Avenue

- Construction complete on \$1.9 million roundabout
- New intersection improves road safety and slashes travel times

The new roundabout located at the intersection of Hepburn Avenue and Bellefin Drive, Ballajura is now complete.

This was much needed and was a result of Rita Saffioti's, Member for West Swan, election commitment to fully fund these works at a cost of \$1.9 million.

Previously a number of local Ballajura residents highlighted their concerns about the old Hepburn Avenue and Bellefin Drive intersection, in response Ms Saffioti worked with the residents and made a commitment for the upgrade.

The roundabout has already proven its investment for the local community with improved road safety and slashed travel times for regular commuters.

This project was fully funded by the McGowan Government with works delivered by the City of Swan.

Additionally works to install a new noise wall on Hepburn Avenue between Fairfield Drive and Alexander Drive will commence shortly, once complete it will replace the existing sand bund and provide better privacy and protection from traffic noise.

In the near future the McGowan Government will also be delivering an intersection upgrade at Beechboro Road North and Marshall Road as part of their \$2.5 million election commitment.

Comments attributed to Member for West Swan, Rita Saffioti MLA:

"At the 2021 State election I made a \$1.9 million commitment on behalf of the Ballajura community to fully fund the construction of a new roundabout at the intersection of Hepburn Avenue and Bellefin Drive, I am now pleased to see it delivered.

"It's important that we upgrade our local roads to improve road safety and bust congestion, I am looking forward to seeing this roundabout in action.

"Thank you to all the construction workers who have worked hard throughout this year's hot summer to build this new roundabout for our community."
